

Fishing Open Day 2010, Sunday 11th July

Whether you are an experienced angler but not a MAS member or just fancy coming along to see what fishing is all about join us on **Sunday 11th July** at one of our most popular venues. MAS members will be on hand to give advice on match, pleasure and carp fishing. Everyone is welcome whatever your age; juniors (please note under 16's must be accompanied by an adult at all times), adults, pensioners and families especially welcome. Bring your gear and fish for free, if you haven't got a rod a limited number will be available for you to try.

Anyone who picks up an application form on the day and joins within 14 days gets a generous **20% discount** on any of our membership categories.

The venue is 'Bog Grove' (don't worry it's much nicer than the name suggests) which has a great head of carp to around 20lbs, crucian carp, tench and rudd. We'll start at 1000 and finish at 1700, just turn up at a time that suits you. If you need any further information contact Hugo Bibby on 01621 890080 or ask at local tackle shops. Further information on the club is available from our website www.maldonas.co.uk.

Directions

Take the B1022 from Maldon to Colchester and immediately on entering Gt Totham village turn right down track adjacent to first bungalow. Proceed down track for 150 yards and bear left into car park.
